## Services

February - Exterior Building Washing - Scope:

- Soft wash the exterior of the building utilizing a soft wash pressure washing drone
- Thoroughly rinse the precast facade and windows to reduce the risk of streaking on windows
- Use caution while working around the new Veolia signage
- Water access via Cary hydrant meter

February - Rust Removal - Scope:

- Chemically treat the rust on the precast underneath the fire alarm bell
- Conduct a test section prior to treating the entire surface area
- Thoroughly flush with fresh water post chemical treatment
